Walk 7—Thursday 20th April 10:00am

Woolaston and Alvington circular

This is an area not often walked which is why we have included it in the programme to open up a fairly undiscovered area. This lovely circular walk with the added bonus of a short guided tour around the churches of Woolaston and Alvington and to a very photogenic medieval Mickla stone bridge. Walking along ancient paths, woods and pastureland with some fantastic views of the Severn Estuary and finishing at the very popular Rising Sun pub noted for its home made pies.
